To Whom It May Concern:

RE: MR. FRANK SCOLARO

I have known Mr. Frank Scolaro for in excess of 10 years, in a variety of capacities and across a number of different building sector functions I have undertaken.

Over the past 4 years Frank has been appointed by my company for the construction and delivery of both residential and residential aged care projects and worked with me on a number of other development opportunities requiring build-ability and estimating advice.

Frank is a hard-working self-starter who invariably understands exactly what construction is all about from the outset, and how to get it done quickly and effectively. Over the years, I cannot remember an instance in which he missed a major deadline, he often brought projects in below budget, and a few were even completed ahead of schedule.

Mr. Scolaro is a resourceful, creative, and solution-oriented person who is frequently able to come up with new and innovative approaches to our projects. He functions well as a leader, and works effectively as a team member under project management direction.

On the interpersonal side, Frank has superior written and verbal communication skills. He gets along extremely well with Clients, as well as consultants. He is highly respected, as both a person and a professional, by colleagues, employees, suppliers, and clients alike.

Mr. Scolaro's presence, both as a person and as a problem solver, is frequently sought on our projects, with his input often an integral component of our delivery process.

In closing, as detailed above, based on my experience working with him, I can unreservedly recommend Frank Scolaro to you. If you would like further elaboration, feel free to call me on +613 9686 4488.

Yours faithfully
